SPRING, 2018

### **NEW: Development of Kindergarten Round-Up Marketing Asset**

Through the collaborative efforts of the LECC staff and the district marketing department, a new process for onboarding parents at kindergarten round-up has been developed.

A fresh video format has replaced the presentation of nuts & bolts of enrollment at the round-up parent meeting.

The benefit is the district now has a tool that can be used as a promotional product for Lakewood's early childhood center and it lives on the district website as a resource for parents to re-visit regarding required documentation for initial enrollment.

A sign-up feature has been added to the district website and app, for the annual parent meetings.
