

Dear Parents and Guardians,

I am pleased to tell you that we will have access to a website called IXL for our students this year.

IXL is a comprehensive learning program offering unlimited math and language arts practice across thousands of skills—all of which are aligned our Curriculum. One of the best things about IXL is that your child can access it from home, so you have a chance to see your child's progress!

To get your child started on your home computer, please follow these easy steps:

1. Go to <https://www.ixl.com/signin/lakewoodschool>
2. Enter your child's username and password and click "Sign in."  
(Note: username and password will be provided by your teacher.)
3. Click on any skill to start learning! Tabs at the top navigate between Math and Reading

IXL is designed to help your child learn at his or her own pace. The program is adaptive and will adjust based on your child's demonstrated understanding of the material. All of your child's results will be saved, so you can monitor his or her progress anytime by clicking on Analytics. **For on-the-go practice, you can download IXL's free tablet apps for iPad, Android, or Kindle** and sign in with your child's username and password.
