

Lakewood Public Schools

Board of Education Governance Norms

In order to provide outstanding leadership and best serve the students of the Lakewood Public Schools, we, the Governance Team, commit to the following Standards of Practice:

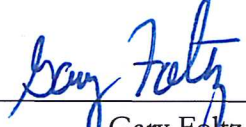

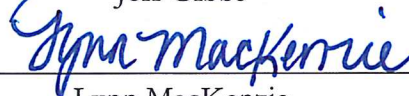

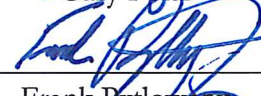

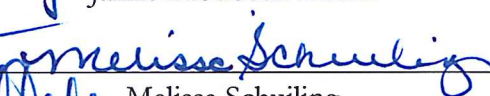

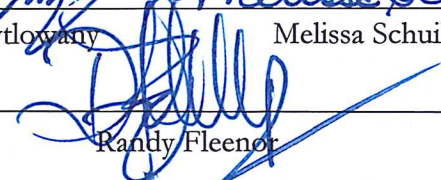

- Making the success of all students our first priority;
- Fostering an environment where all students have the ability to excel regardless of their career path;
- Listening and responding (when applicable) to stakeholders in a respectful, thoughtful manner;
- Positively support all Board decisions;
- Communicating and operating openly, honestly, and via proper channels;
- Operating within the highest of ethical standards;
- Being committed to maintaining trustful, collaborative, and productive relationships with each other and the Superintendent
- Fostering the use of innovation and creativity to strategically plan for the future of the district;
- Critically analyze board performance and execute action plans for improvement in order to continuously pursue excellence.
