

Michigan Department of Education

The Michigan Department of Education (MDE) is providing the following resources to districts. The intent of these resources is to assist with supplemental online distance and virtual learning opportunities for all students.

The resources on this page are not intended to replace any resources that the district already has and is providing to students. District provided resources are aligned to local curriculum and opportunities. The intent of these resources is to provide districts with additional tools to fill in any possible gaps. Please continue to visit this website and review the information sent by the department as these resources and guidance will be continually updated.

Michelle Endsley	Computer/Technology	<p>5th grade computer:</p> <p>I hope this email finds you all doing well. I miss seeing you all in class. This week for computer class, I would like</p>

		<p>you all to log into your code.org accounts and work on your coding assignments for at least an hour and a half. If you cannot remember your log in for code, we used your Google account information. It is the username and login to log into the computers. You must put your entire email address into the username at code.</p> <p>7th/8th ComputerI hope you are all doing well. I'm missing you all in class. This week, I'd like you to log in to your code.org account. Remember we did this using your Google sign in. If you can't remember your username and password for your Google account, just shoot me an email at: endsley@lakewoodps.org and I'll look it up for you. If you would complete lessons 1-4 in Unit 3, that would help keep us on track for the year. Youtube has tutorials for these lessons if you get stuck. Try not to use Youtube unless you have been stuck for at least 1 hour. The more you use your own brain, the better.</p> <p>Khan Academy HTML with CSS for 7th & 8th graders</p> <p>Khan Academy How the Internet works for 6th graders.</p>
