

April 1, 2021

## TO KEEP OUR COMMUNITY INFORMED.

As educators and parents, we understand the importance of trust to our home-to-school partnership. Our promise is to keep our school community apprised of any COVID 19-related school situation that does not require a school closure via this COVID COMMUNICATOR advisory tool. Please be assured that the district will follow the CDC/Health Department process for addressing Covid-related situations.

## UPDATE.

For the week ending April 1 2021, we have been notified of five new positive case and 51 new close contacts related to this and other new positives throughout the area. All current isolations and quarantines will end over spring break.

## WE MADE IT.

It's been a long winter season, but we have officially made it. We wish everyone a wonderful, well-deserved spring break. Our hope is that Lakewood families can find time to reflect, relax, recharge, and rally for the final stretch of the 2020-21 school year. Now is the time to enjoy unhurried moments and the signs of spring: restaurants open their patios, Major League Baseball enthusiasts celebrate opening day, and winter lets go of its grip in Pure Michigan. While we celebrate the change of season, we kindly ask for your support.

Please continue to be vigilant and responsible as it relates to COVID. Should your student or anyone in the household get a positive COVID test result during the break, please contact Lakewood Public Schools. Our goal is to continue to keep our students learning in person, in the classroom, and avoid a switch to remote learning after spring break.

If we remain prudent in doing the right things to keep ourselves and others safe, we will make end-of-the year memories a reality for Lakewood students. We can only do this as a caring community.

Wishing you all a wonderful and restful break.

HELLO  
Spring
