### Improve ELA M-Step and NWEA

*Status:* ACTIVE

*Statement:* Our goal is to increase overall literacy achievement.

*Created Date:* 06/30/2021

*Target Completion Date:* 06/28/2026

**Strategies:**

(1/7): Accelerated Reader

Owner: Lauren Christensen

Start Date: 07/01/2021

Due Date: 05/31/2024

**Summary:** Accelerated Reader is a computerized supplementary reading program that provides guided reading instruction to students in grades K-12. It aims to improve students' reading skills through reading practice and by providing frequent feedback on students' progress to teachers. The program requires students to select and read a book based on their area of interest and reading level. Upon completion of a book, students take a computerized quiz based on the book's content and vocabulary. Quiz performance allows teachers to monitor student progress and to identify students who may need additional reading assistance.

The program requires students to select and read a book based on their area of interest and reading level. Upon completion of a book, students take a computerized quiz based on the book's content and vocabulary. Quiz performance allows teachers to monitor student progress and to identify students who may need additional reading assistance.

**(4/7): MTSS Framework (General)**

**Owner:** Lauren Christensen

**Start Date:** 07/01/2021

**Due Date:** 05/31/2024

**Summary:** "A Multi-Tiered System of Supports (MTSS) is a comprehensive framework comprised of a collection of research-based strategies designed to meet the individual needs and assets of the whole child at all achievement levels. MTSS intentionally interconnects the education, health, and human service systems in support of learners, schools, centers, and community outcomes. The five essential components of MTSS are inter-related and complementary. Implementation of the essential components as intended provides educational settings with a framework to organize the strategies and processes needed to support successful learner outcomes. The five essential components include the following: Team-Based Leadership; Tiered Delivery System; Selection and Implementation of Instruction, Interventions and Supports; Comprehensive Screening & Assessment System; Continuous Data-Based Decision Making."

**(5/7): Literacy Essentials**

**Owner:** Lauren Christensen

**Start Date:** 07/01/2021

**Due Date:** 06/28/2026

**Summary:** All of us want children throughout Michigan to be successful. An important part of student success centers around proficiency in reading. That’s why a group of education experts developed new approaches for teachers to use in the classroom.

Literacy Essentials are free documents designed for Michigan educators to improve childhood literacy development. The Literacy Essentials provide research-proven, effective approaches to markedly improve literacy skills among Michigan’s youngest students.

Using the Literacy Essentials with every child, in every classroom, every day will help improve literacy among our youngest learners.

**(6/7): Formative Assessment Process**

**Owner:** Lauren Christensen

**Start Date:** 07/01/2021

**Due Date:** 06/28/2026

**Summary:** Formative assessment is a planned, ongoing process used by all students and teachers during learning and teaching to elicit and use evidence of student learning to improve student understanding of intended disciplinary learning outcomes and support students to become more self-directed learners. In partnership with MDE the Michigan Assessment Consortium has created various tools, resources and professional learning opportunities to support the implementation of a formative assessment process. These are provided as resources in this entry. For additional resources visit the Michigan Assessment Consortium website ([www.michiganassessmentconsortium.org](http://www.michiganassessmentconsortium.org)) and the FAME Program website (<https://famemichigan.org/>).

**(7/7): 23g Expanded Learning Time**

**Owner:** Lauren Christensen

**Start Date:** 10/27/2023

**Due Date:** 08/16/2025

**Summary:** EdTrust defines expanded learning time (ELT) as programs or strategies implemented to increase the amount of instruction and learning students experience. ELT strategies include afterschool, summer, and in-school programs. The evidence suggests that extended learning time programs, including extended school day (ESD), extended school year (ESY), and expanded learning opportunities (ELO) programs that provide academic services during out-of-school time hours, can be effective in improving a range of educational outcomes for students. Findings also suggest that extended learning time programs may be more advantageous for low-income, low-performing, ethnic minority or otherwise disadvantaged students.

## Improve Math Achievement

*Status:* ACTIVE

*Statement:* Our goal is to improve Math achievement by 2026.

*Created Date:* 06/22/2022

*Target Completion Date:* 06/29/2026

**Strategies:**

(1/3): EngageNY/Eureka Math

Owner: Lauren Christensen

Start Date: 10/24/2022

Due Date: 05/31/2024

**Summary:** Eureka Math (Engage NY) is an Open Educational Resource (OER) available to schools. It is a full set of Pre-K-12 mathematics curriculum materials, including student and teacher resources. These materials were designed from the ground up to provide instruction consistent with the Common Core State Standards for Mathematics. As such, these materials develop students’ mathematical thinking and reasoning skills in ways consistent with the Michigan Academic Mathematics Standards and the mathematics requirements of the Michigan Merit Curriculum. Engage NY contains the OER student and teacher materials, while Eureka Math has made additional resources such as assessments and professional learning available as paid supplements to the core OER materials.

**(2/3): Math Recovery**

**Owner:** Lauren Christensen

**Start Date:** 10/24/2022

**Due Date:** 05/31/2024

**Summary:** "The Math Recovery® professional development opportunities are aimed at a variety of mathematics educator roles and grade levels from K-8:

- Add+VantageMR® courses empower teachers to use dynamic diagnostic assessments to make data-driven instructional decisions.
- Math Recovery Specialist courses provide a complete intervention curriculum to participants preparing them to provide targeted intervention and support mathematics initiatives.
- Courses for those who want to teach Math Recovery® to others in their district. Participants who have taken our leadership courses are able to scale delivery of Math Recovery® professional development to enact cost-effective systemic change. "
